President's Message

John Cannon,
CSI, CDT
President

Our September meeting was educational, enlightening and applicable to all our construction endeavors. The strong turnout by our membership is greatly appreciated and we hope this trend continues for the rest of our monthly meetings and programs. The Chapter would like to thank again Mr. John Balson – Chief of the Uniform Construction Code Division at the Department of Labor and Industry for his time and presentation.

With the current economic and financial crisis of the century on hand, your CSI Membership can be a valuable asset for construction industry success. CSI is fulfilling the role in creating formats necessary to improve construction documentation and enhance project delivery. CSI standards and formats provide the structure at every stage of the building life cycle for better planning, processes, communication and results. This is the time to review your membership status, continuing education credit needs and certification status.

We can all get through these challenging times together and the CSI CORE

Minutes of Board of Directors Meeting

DATE: September 9, 2008
TIME: 5:00 p.m.
LOCATION: Radisson Hotel, Camp Hill, PA

The Board of Directors of the Central Pennsylvania Chapter of the Construction Specifications Institute met in the Radisson Hotel in Camp Hill, PA on September 9, 2008. President Cannon called the meeting to order at 5:10 p.m. Board members and committee chairs present were: Atwood, Beauduy, Brightbill, Brunski, Burkholder, Cannon, Cluck, Forsberg, Groff, S. Myers, Saylor, Shaw, and Weber.

Opening Comments:

1. President Atwood reported that half a dozen Chapter members attended Construct 2008, the CSI national convention, in Las Vegas in early June. He reported that the national convention was a success, with 350-400 exhibitors and 100 educational seminars. The General Session was great. The Michelangelo Award was presented to Mr. Gensler, and the keynote speaker, the host of Discovery Channel's "Build It Bigger" was outstanding. The annual meeting/member forum allowed needed interaction, and a plea to expand membership was presented.

Approval of Minutes:

2. The June minutes were approved, as moved and seconded by Brunski and Atwood respectively.

Update to Chapter Meeting Dinner Costs

The Chapter Board decided at the September meeting to revise the dinner cost for attendees who are not chapter members to \$10 for students and \$25 for all others, including walk-ins and late reservations, effective October 2008. There will no longer be a higher cost for late reservations. As noted in the September issue of CHOICE, the dinner cost for chapter members is free. It is, however, still very important for all dinner attendees to make reservations (or cancel standing reservations) by the published cut-off time so that a guaranteed meal count can be reported to the Radisson. Canceling a dinner reservation after the cut-off time can be problematic because we do not always get sufficient walk-ins or late reservations to make up the difference, and we are obligated for the count we reported.

I would also like to clarify that we have never charged a fee for our dinner meeting

programs. The cost has always been for the dinner itself. If anyone wishes to attend the program and not dinner, they are always welcome to do so, though we would miss the pleasure of socializing around the dinner table with any who come just for the program. We may, however, find that some outside the chapter are interested in periodically coming just for the program (e.g. AIA members wanting to earn AIA Continuing Education credit for instance), so we should be clear in our communications that dinner can be skipped and program-only attendance is free to all.

If you have any questions, please contact me at telephone (717) 233-4556 or e-mail catwood@eiassoc.com.
